PRICE \$1.50 A YEAR.

WM. LAUT

COME AND SEE The Killmore Gopher Feeder

This is the only practical device on the market for Feeding Poisoned Grain to Gophers.

It is manufactured from galvanized iron, five inches high by three inches square, with adjustable flanges to prevent fowl getting the grain. A steel wire runs downward through the machine into the ground, automatically locking on the sliding top and preventing the feeder upsetting, and making it impossible for stock to get the grain.

Why waste your time throwing poisoned grain on the ground to be washed away or covered up, a system that has never proved satisfactory, while the "Killmore Gopher Feeder" will last for years and is to be had for the low price of

\$4.50 per dozen.

Groceries, Hardware, Implements, Harness

Banking Credit for Farmers

THE CANADIAN BANK OF COMMERCE
invites the Co-operation of its farmer customers in furthering its efforts to give them efficient service, particularly in the matter of credits for Grain Growing and Livestock

Grain Loans: It is this Bank's policy to carry its loans to grain growers so as to enable the latter to complete the Fall work on their land, and market their grain gradually after the freeze-up.

Livestock Loans: We make liberal loans to farmers, large and small, to purchase both feeders and breeding stock, and we carry such loans so as to enable farmers to finish the stock properly for market.

Make your Banker your financial adviser and let him help you to shape your affairs, with a view to enabling you to obtain what credit you require from the Bank and to pay cash for your goods.

If, after giving your Bank Manager a full and truthful statement of your affairs, you cannot obtain the credit which you need, and to which you think you are entitled, don't nurse a grudge against the Bank. Instead, lay the facts before the Directors of your local Grain Growers' Association, and get them to take the matter up with your Banker—not necessarily by way of complaint, but rather to clear up any possible misunderstanding.

Then if the Directors feel that your case merits more generous treatment than the local Manager is disposed to give, let them pass on the matter to the Secretary of your Provincial Grain Growers' Association, with a view to his discussing the matter with the Bank's Chief Western Representative.

This is a form of co-operation we would cordially welcome.

Local and General

Mr. and Mrs. E. S. McLory were up from Calgary on Sunday visiting Mr. and Mrs. W. McLory.

Mrs. S. P. Nichols left town on Thursday for Jones, B.C., to visit her mother who is sick.

Miss Viola Kiteley, of the Canadian Bank of Commerce staff, has been transferred to Youngstown.

Mr. and Mrs. C. Wicks left on Tuesday Afternoon for Lacombe. Mrs. Wicks will leave in about two weeks for a visit to the old country.

Mr. S. H. Bray, Manager of the Canadian Bank of Commerce, Star City, Sask., was a visitor to town for a couple of days this week. He has nothing but praise for the Star City vicinity.

A meeting of the Women's Institute will be held in the I.O.O.F. Hall at 3 p.m., on Saturday, May 31st.

Mrs. A. R. Thomas met with an accident last week end, whilst walking along the street near the hotel she stumbled over something on the sidewalk, throwing her to the ground. She went to Calgary to the Hospital where it was discovered she had a fractured wrist.

CHURCH OF THE ASCENSION.

Sunday, May 25th.

10 a.m. Sunday School.

11.0 a.m. Morning Prayer and Sermon.

The Rev. W. C. Marsh will take for his subject "The things that Matter."

A meeting of the vestry will be held at the home of Geo. McLeod, on Saturday, May 24th, at 9 p.m.

UNION CHURCH, CROSSFIELD

Rev. R. K. Swenerton, B.A., B.D., Pastor.

Mr. A. Knox, Sunday School Superintendent.

Sunday School & Bible Class 2 p.m.

Preaching Service at 7.30 p.m.

Next Sunday will be "Go to Sunday School Day," in Alberta and special arrangements have been made to observe it in the Union Church.

Mr. Burn, of Calgary, who is a very successful Sunday School leader, and an attractive speaker has been secured for the day. There will be an open session of the Sunday School in the afternoon to which the parents and friends of the scholars are invited and at which Mr. Burn will speak. At the evening service the Sunday School will unite with the congregation, and Mr. Burn will also be the speaker at this united gathering. Our boys and girls are the nation's greatest asset. Let us make "Go to Sunday School Day" a complete success by our attendance and live interest.

WEDDING.

POTTER-EAGLESON

A quiet wedding took place on the afternoon of Tuesday, May 20th, when Peter S. Potter, of Calgary, and Miss Victoria Eagleson, of Calgary, were united in marriage. Rev. A. C. Wignart performing the ceremony, which took place at his residence. Mr. and Mrs. Potter left to visit at the coastal cities and upon their return will reside in Calgary.

Charter of the World's Freedom

The peace treaty, including, as it does, the covenant of the League of Nations, which has been presented to Germany for signature, is without question one of the most important documents ever drafted in the history of this old world. It takes its place along with Magna Charta and the American Declaration of Independence as an instrument of the first magnitude in providing for and safeguarding the liberties of mankind. Magna Charta and the Declaration of Independence won for the English-speaking peoples of the world those rights and liberties which we prize so highly, and in defence of which we are ever ready to lay down our lives, and they had their effect on "other" nations. But the treaty of Versailles, 1919, is designed to guarantee the rights and liberties, not of one race or one nation, but of all races and all nations.

The penalties imposed on Germany are severe, but who will say they are not just and necessary? Insofar as Germany is deprived of territory in Europe, it is taken away from her, not in a spirit of revenge nor of aggrandizement on the part of the allies, but in order to right wrongs inflicted by Germany on others in the heyday of her autocratic military power. She loses her colonies because she demonstrated that she was not a fit nation to be trusted with power over subject peoples or native races.

The German people have shown down through the centuries, time and time again, that in their hands power was misused and abused, that they thoroughly believed in and acted upon their doctrine that Might was Right. Therefore, power has been taken away from them, their army and navy destroyed, and the most drastic prohibition imposed in order that they may never again endanger the peace of the world. It has been found necessary to even circumscribe and restrict the use they may make of economic weapons, because, in the past, Germans manipulated their finances, industries, transportation systems, shipping, trade and commerce as parts of their military machine.

The huge sums of money which Germany must pay to the allies are not extorted from her as was the indemnity which Germany imposed on France in 1871. Germany then imposed a fine on France, but today the allies are not compelling Germany to make reparation and reparation for the wanton destruction she has caused in Belgium, France, Serbia and other countries and for the crimes committed against inoffensive non-combatants contrary to all the accepted usages of war.

The peace treaty, however, is much more than the infliction of just punishment on Germany for the horrors and sufferings she brought upon the world and the enforcement of guarantees against a repetition of the outrage. With its League of Nations covenant it is a declaration of principles for the guidance of all nations, large and small, in their dealings with one another. It does even more than that—it lays down principles which are to govern within the nations themselves in their dealings with their own people.

Well-defined principles are laid down under which the more advanced nations are to be entrusted with mandatory powers over less advanced territories and less enlightened peoples. Where people are not yet capable of self-government, they are to be governed, not for the benefit and aggrandizement of the governing body, but for the advancement and the welfare of the people themselves. So, too, is it clearly defined that in all nations the man who works with his hands, and puts his physical strength in his work, is no longer to be regarded as a mere commodity to be used for profit, but as a human being, a partner in the world's work.

No longer are the small and weak nations of the world to be forced to live in constant dread under the menace of a rattling sword in the hands of a stronger nation; no longer are peoples and races to be held subject to a foreign yoke; no longer will the ruthless Turk be allowed to put helpless Armenians to death and sword; no longer will it be necessary that millions of men be held in idleness in huge concentration camps while other millions are lured with lures to maintain them in idleness; no longer is the chief business of Europe to be war and preparation for war. The peace treaty declares that it is to be the international business of the world to create better living conditions for the masses, to provide safeguards for the health of mankind, to put down slavery in all its forms, to seek the destruction of the opium traffic and other vices—in a word to build up and benefit, not to tear down and blight.

The peace treaty and the League of Nations covenant are not perfect. It is a human document, and subject to all human weaknesses and frailties. But its intention is good, and the best minds in the world have been responsible for its drafting. It may fail in its whole object, but failure will not result from a lack of sincere effort to attain success. It is the charter of a world's freedom—a contract of release from the age-old crime of war. It is the covenant for the masses of the peoples of the world, who are the real sufferers in all wars, to insist that it be lived up to and fully respected.

Child Had St. Vitus' Dance

And Was Losing Control of Arms and Legs Because of Exhausted Condition of Nerves—Doctor Said He Could Do Nothing But Complete Cure Was Effected

Cordova, Man., May 26.—To parents who are anxious or worried about the health of their growing children this letter must prove a message of good cheer. So many, curious to know, one have come to our attention that we are forced to consider Dr. Chase's Nerve Food, the most effective treatment available for St. Vitus' Dance and all such conditions, which result from nervous exhaustion.

To children who are naturally nervous the strain of school life, the results are seen in headaches, eye troubles, loss of appetite and indigestion. The use of Dr. Chase's Nerve Food at such times soon restores them on their feet and restores health and vigor.

Mrs. Wm. Matt, Cordova, Man., writes: "My little girl, ten years old, was not very well and I noticed some rather odd ways about her. She used to act very strangely at times. I asked the doctor what could be the matter, and he said she had St. Vitus' Dance; to keep her quiet and out of school. Her treatments weren't any use for her. She was affected in this way for a year. I thought some thing ought to be done, as it was possible for any one to be, and N.S.B. was a pale, the least exertion would leave me breathless, and when I was tired I could hardly have to stop and rest on the way. I often had severe headaches, and at times my heart would palpitate alarmingly. A good friend urged me to try Dr. Williams' Pink Pills and I have reason to say that I was not mistaken. Soon after beginning the use of the Pills I began to get stronger, and by the time I had taken seven boxes I felt that I was again enjoying good health. I think Dr. Williams' Pink Pills are a blessing to weak girls and I shall always warmly recommend them."

RHEUMATIC PAINS
The sufferer from rheumatism who experiments with outward applications, and who is waiting valuable time and good money in depending upon such treatment, the trouble still remains, and is all the time becoming more firmly rooted—harder to cure when the proper treatment is applied. Treat this disease through the blood and you will soon be rid of the pains and tortures. As a cure for rheumatism Dr. Williams' Pink Pills are unequalled. They act directly on the unequal, weak blood; they purify and strengthen it, and so root out the cause of rheumatism. Mr. D. Lewis, postmaster at Eccemuncie, N.B., says: "I was attacked with rheumatism, which settled in my elbow, shoulder and knee joints, and at times caused suffering. The trouble was particularly severe last spring and I decided to try Dr. Williams' Pink Pills. After taking the Pills for some time the rheumatic pains and stiffness in the joints disappeared and I was enabled to have any return at the trouble."

A GOOD DIGESTION
Mrs. William Dale, Midland, Ont., says: "I suffered for a long time from a severe form of indigestion, and had decided to much without benefit that I had all but given up hope of getting better. Everything I

Four Killed in Quake
Las Palmas, Canary Islands.—Four people were killed in the earthquake which shook the island of Fuerteventura several days ago. The bulk of the population of the island has fled.

A Boon for the Bileless—The liver is a very sensitive organ and easily deranged. When this occurs there is undue secretion of bile and the acid liquid flows into the stomach and enters it. It is a most distressing ailment, and many are prone to it. In this condition a man finds the best remedy in Farnell's Vegetable Pills, which are warranted to speedily correct the disorder. There is no better medicine in the entire list of pill preparations.

The frankness with which a seven-year-old girl refers to herself as an old maid is certainly amusing.

STRENGTH FOR THE DAY'S WORK DEPENDS UPON GOOD BLOOD TO NOURISH THE BODY

Weak People Need a Tonic, One Which Acts Directly Upon the Blood and that Does Not Weaken the Body By Useless Purging.

There are thousands of people throughout Canada who are without amount of strength to do their day's work. They are always tired out, have but little appetite, and a poor digestion. They cannot get a refreshing night's sleep and are subject to headaches, backaches and nervousness, because their blood is impure. To have a strong blood in this condition Dr. Williams' Pink Pills give quick relief and permanent cure because of their direct action on the blood, which they build up to its normal strength. As the blood becomes rich and red, the strength of the muscles, tones up the nerves, makes the stomach capable of digesting food, and repairs the weakness caused by worry. In a word, the use of Dr. Williams' Pink Pills means restoration to perfect health.

BLOOD TURNED TO WATER

Miss Jessie McLean, Trenton, N.S., writes: "I was afflicted with a disease for any one to be, and N.S.B. was a pale, the least exertion would leave me breathless, and when I was tired I could hardly have to stop and rest on the way. I often had severe headaches, and at times my heart would palpitate alarmingly. A good friend urged me to try Dr. Williams' Pink Pills and I have reason to say that I was not mistaken. Soon after beginning the use of the Pills I began to get stronger, and by the time I had taken seven boxes I felt that I was again enjoying good health. I think Dr. Williams' Pink Pills are a blessing to weak girls and I shall always warmly recommend them."

In a word, the use of Dr. Williams' Pink Pills means restoration to perfect health.

ALWAYS FEELS FIT

The wonderful success of Dr. Williams' Pink Pills is due to the fact that they act directly on the disease in the blood, and by making the vital fluid rich and red strengthen every organ and every nerve, thus driving out disease and pain, and making weak, dependent people strong and self-reliant. Dr. J. H. Johnson, one of the best known and most highly esteemed men in Lunenburg, N.S., writes: "I was a Provincial Land Surveyor, and an exposed the greater part of the year to very hard work, travelling through the forests by day and camping by night, and I find the only thing that will keep me up to the mark is Dr. Williams' Pink Pills. When I leave home for a trip in the woods I am as interested in having my supply of pills as provisions, and on such occasions I take them regularly. The result is I am always fit. I never take cold, and can digest all kinds of food such as we have to put up with in the woods. Having perfect health, I can do anything. I think Dr. Williams' Pink Pills are a tonic and health builder, I am never without them and I lose no opportunity in recommending them to weak people I meet."

SKIN TROUBLE CURED

Mrs. W. Ritchie, Parkburg, Sask., says: "Two years ago I was attacked with eczema on my hands. I tried almost everything that was advised, but as the trouble was growing worse I consulted a doctor, and took his treatment for some time with no result. By this time my hands were a mass of sores and I began to despair of finding a cure. A friend strongly advised me to try Dr. Williams' Pink Pills, and I decided to do so. After using two boxes I could see an improvement and I got a further supply. By using altogether eight boxes, by which time every trace of the eczema had disappeared and there has been not a single symptom of its return since. I have gradually recommended Dr. Williams' Pink Pills for troubles of this kind."

Dr. Williams' Pink Pills should be kept in every home, and their occasional use will keep the blood pure and ward off those little ailments that these pills through any medicine dealer or by mail at the box or six boxes, \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Sequel to a Charge of Theft

A case of local interest that was set down for trial at the Supreme Court at Calgary, on June 22nd was settled last week.

Mario Facchini vs. David J. Miller. In this case M. Facchini sued D. J. Miller for damages. This was the sequel to a charge of theft that Miller brought against Facchini a few months ago.

Facchini worked for Miller last year and Miller claimed to have a pair of felt shoes which he missed. After Facchini left Miller issued a warrant charging him with the theft of the shoes. At that time he was in B.C. When he heard of the charge against him he walked twelve miles in snow to take train to Calgary and Crossfield.

The case was tried before S. Willis, J.P., at Crossfield, and according to the evidence proffered Miller had missed the shoes before the accused left. J. P. Willis dismissed the case.

Facchini then took action against Miller for damages, this case was set for trial on June 22nd. Fortunately Miller offered to settle the case by paying damages and costs. J. A. Valiquette acting for Facchini advised his client to settle.

J. A. Valiquette, Solicitor, of Calgary and Crossfield acted for Facchini. Frank Eaton, Solicitor for Miller.

OPPORTUNITY for Retail Merchants

THE next few years will mark a tremendous change in the business of retailing.

Motor Transportation, now reduced to a low-cost basis, gives retailers a great opportunity for business growth because it widens their trading area.

The Ford One-Ton Truck makes available this opportunity. It is Motor Transportation at low cost—low first cost, low maintenance cost, low operating cost.

A small outlay will motorize

your deliveries and open to you the opportunity for business expansion.

Complete Trucks—Two Standard Bodies

Ordinary hauling and delivery work can be best adapted to two standard types—the Stake Body and the Express Body.

These two body types are kept in stock ready for immediate delivery. They insure the maximum efficiency from the Ford Truck.

Both types have the Ford Cab with the two-way windshield which gives the driver proper protection from the weather.

See these complete trucks. Solve the problem of enlarging your field of business. Let us solve your delivery problem.

Friendly Reception Of Austrian Delegates

Paris. — Karl Renner, the Austrian chancellor, brought his peace delegation and their attendants to St. Germain, near Paris, and at a later date will appear before representatives of the allied and associated powers to receive the condition which will spell peace for the former empire.

A notable feature of the reception was the absence of Germans, who had requested permission to greet the Austrians, but had been denied this privilege. The prefect of the department, M. Chealleil, met the Austrians courteously, and although there was no official handshaking, many members of the party were greeted by unofficial handshakes from old acquaintances as they were being shown to the waiting automobiles.

The delegates then proceeded under military escort to the villa, as set aside for them, overlooking the valley of the Seine and Paris and backing the high fences and sentries so much in evidence at Versailles.

It was a cosmopolitan crowd which awaited the delegation, French, English, Italian, Japanese and United States journalists and officers. Some of the Austrians gazed enquiringly from the windows of the train, uncertain of their reception, but Chancellor Renner was sure of his ground and welcomed the friendly spirit displayed with heartiness, which was reciprocated in a measure by those assembled.

Professor Lammach, was accompanied by his wife and daughter, and there were several women secretaries who were shown the greatest courtesy. The Austrian newspaper men and subordinates were quartered in one of the requisitioned hotels.

After their arrival at the villa, the Austrian delegates again thanked the escorting officers for the courteous reception and chatted for a time, contrasting the sunshine and warmth of France with the snows and bleakness of Austria and Switzerland on the journey hither.

The Austrian chancellor, in his speech on arrival, and later in conversation spoke in German, but excused himself, as being unable to speak French.

Get the first of it. In another column appears the first chapter of our new serial story.

Steamer Brings

Interesting Cargo

Consisting of Guns Captured by Canadian Soldiers.

Montreal. — The steamer Vindelia brings an interesting and historic cargo in port, consisting of a score of captured guns which were wrested from the Germans by Canadian soldiers. Among the heavy artillery is a big gun which is labelled: "Second Canadian Division, 24th battalion, No. 930." and this is consigned to the Victoria Rifles, Montreal. Number 917 is for the 21st Canadian battalion and it is addressed to the lieutenant-governor of Ontario. Number 960 was captured by the 31st battalion, a western unit, in August last, and it is consigned to the lieutenant-governor of Alberta. Number 933 is the property of the 25th battalion of Nova Scotia. There were others; but they were in many cases illegitimately marked.

Nearly Three Million Loaned

Regina, Sask. — Major Ashton of the soldiers' settlement board stated here that in April well over \$500,000 had been loaned in Saskatchewan, \$1,200,000 in Alberta and \$1,055,000 in Manitoba. He expected May loans in Saskatchewan would amount to \$1,000,000. It is probable that a western conference of those connected with soldier settlement in an official capacity will be arranged for this summer.

Will Not Strike

Lethbridge. — Civic employees who voted some days ago to go on strike have rescinded such action and have applied for a Dominion board of arbitration to settle the dispute.

W. N. U. 1264

Public Health Nurses in Alberta

Welfare Stations Established in Various Parts of the Province

Edmonton. — Thirteen public health nurses will shortly be appointed to welfare stations in different parts of the province for the purpose of carrying on the campaign of health and welfare education inaugurated last year. A new class of nine nurses, in training under the general direction of Dr. Herbert Jamieson, this week taking clinics from the public school health officers and in city hospitals, and will be ready in the course of a few weeks to go out with the four nurses already in service to the several points to be occupied as working centres this summer. It will be the duty of the nurses to look after the health inspection of schools in their districts, the general promotion of child welfare, pre-natal, post-natal and mothers' meetings and the intention is that the stations shall be more or less permanent. It is a new departure in Alberta, and is expected to work out with good results.

Alien Homesteaders To Be Investigated

Action Taken to Make Them Available for Soldier Settlement

Ottawa. — Dominion lands held under homestead entry by aliens and others whose duties are not satisfactory will be checked by the Dominion land agents and action taken to make them available for soldier settlement. This action is the result of conferences between the department of interior and soldier settlement board. It also has been decided to check up land held under the temporary reservations which might now be discontinued.

The soldier settlement board will take steps at once to collect the co-operation of municipalities in ascertaining from local sources information concerning such lands.

"Black Watch" The Best Black Plug Chewing Tobacco on the Market

Ships Lost in War

Britain Lost 2,197 Merchant Ships With a Tonnage of 7,638,000

London. — The ministry of shipping announces the number and tonnage of allied merchantmen lost through enemy action as follows: Britain, 2,197, tonnage 7,638,000; France, 238, tonnage 687,000; Italy, 230, tonnage 742,000; Japan, 29, tonnage 120,000; United States, 80, tonnage 341,000. In addition to the foregoing 20 British vessels, tonnage 45,000 tons, were lost on admiralty service.

An absorbing romance in serial form commences in this week's paper.

Recruiting for R.N.W.M.P.

Toronto. — An appeal for recruits to enter the service of the Royal North West Mounted Police is being made in this city owing to the great shortage of men power in the west. Inspector W. P. Bevis, of Regina, visited the office of the provincial government employment bureau in search of any available men. He stated that during the past three years they had lost fully 900 men, 750 of whom served in France and the remainder in Siberia. The need of increasing the force has been placed before the authorities who are offering a splendid opportunity to physically fit unmarried returned soldiers or civilians who are desirous of securing outdoor employment.

Purchases in Argentina

London. — German wireless messages state that the German finance commission at Versailles learns that Germany has bought in the Argentine 135,000 bushels of wheat and 20,000 tons of flax seed. On being informed, the estate sent 250,000 tons of ship space to La Plata so that tonnage was assured for a further 100,000 tons of Argentine purchases.

Budapest Indignant

London. — Budapest wireless messages state that the entire press is indignant with Rumania's response to the request for armistice conditions and declares that the only reply to such arrogant terms is by arms.

Germans Must Sign Or Armistice Ends

Murdered By Sinn Feins

Attack by Armed Gang Near Limerick Robs Lives of More Civilians of Law

Knocklong, Ireland. — Four police officers who were taking a Sinn Fein prisoner to Cork were attacked by an armed band at the Knocklong station. The armed men rescued the prisoner and killed one of the policemen and seriously injured another. A third policeman is missing.

Knocklong is a small town in Limerick county about eighteen miles southeast of the city of Limerick. It is on the Great Southern and Western railway.

War Expenditures

Britain Spent a Large Amount in Canada During War Period

London. — In the house of commons, replying to Sir J. Mortimer Griffiths, Col. Enderby, under secretary for the colonial office, stated that the war office expenditure in Canada was approximately \$225,000,000 sterling; in Australia \$291,000,000; in New Zealand \$75,000,000; in South Africa \$23,000,000; and in Newfoundland \$2,000,000.

Dutch and Kaiser

The Hague. — The Dutch government denies that it has decided to surrender former Emperor William. The question at present, it contends, concerns only Germany and the entente.

A Six-Room Bungalow

The above bungalow shows a layout which is ample and at the same time convenient, with practically no space wasted.

Accuse French of Symping

Paris. — An official note issued says that a German correspondent sent to the Neues Wiener Tagblatt a dispatch that the hotel at Versailles where the German delegates are housed is full of spies acting as hotel attendants and that microphones have been installed in all the rooms. The note brands the report as an odious and calumnious invention and says if it is repeated the French government may find it necessary to expel the German correspondents.

Ties for H. B. Railway

Ottawa. — Contracts for 250,000 ties to be used on the construction of the Hudson Bay Railway, have been awarded. G. W. Cann will supply 75,000, H. P. Borsh 150,000 and John Dione 75,000. All contractors are of the Pas. The contract price is sixty cents and the ties are of spruce and pine, mostly the former.

Afghans Violate Treaty

London. — A Russian government wireless message received says that an Afghan mission has arrived in Moscow to establish relations between Afghanistan and Russia. This is in violation of the treaty between Afghanistan and Great Britain, under which Afghanistan is not allowed to enter into relations with any foreign country except Great Britain.

To Settle Women

London. — The government overseas settlement committee is sending six women commissioners to the Dominions, two to visit Canada, two to Australia and two to New Zealand. They purpose to enquire into openings for women, particularly workers on the land, with a view to settling in the dominions women workers desiring to emigrate.

Roads That Are Strewn With Flowers

There are many who believe that all big corporations and industrial concerns only look to the material side of things and are not much concerned for the production of wealth, regardless of the winter's snow and unheeding of the summer's bloom. This is often an erroneous idea, for it is generally realized that man does not altogether live by offices and papers and engines and other accoutrements of labor—he requires trees and shrubs and flowers and the loveliness of nature.

The Canadian Pacific Railway has always paid considerable attention to the development of garden plots along its lines. It is just thirty years ago since a C.P.R. employee raised a few varieties of flower seeds in his own garden, and distributed them amongst his friends in the service of the company, with the object of promoting flower gardening at the various station plots of the railway. A vast advance has been made since then; and now the company possesses a floral department with headquarters at Windsor street station, Montreal, and a floral committee which embraces members from the eastern and western lines. It is under the guidance of this department that the various station plots and other properties of the company are cleared up and beautified. Thousands of packages of flower seeds, bulbs, trees, and shrubs and large quantities of grass seeds and fertilizers have been distributed during the last few years to station agents, section foremen, caretakers of round houses, and all employees living on the property of the company. Travellers on the line observe the happy results achieved, and variation work is done in all cases by the employees themselves, who in most cases acquired the art of amateur gardening by taking their lessons from leaflets issued by the floral department. The best material is always provided. Amongst the varieties of trees supplied are: Maple, birch, beech, poplar and catalpa. Some of the shrubs are: weigela, barberries, laurel, holly, yew and sumac. Perennial distributors are: Oriental poppies, iris, phlox, veronica, galliard, larkspur, columbine, sweet william and pinks. Bedding plants include: geraniums, coleus, cannas, pansies, asters, verbena, plumbago, and castor oil plants. Standard seed packets sent out contain: Nasturtium, alyssum, mignonette, sweet peas, phlox and kochia. Ferns and house plants are given to the larger stations. The establishment and maintenance of the gardens and selection of the seeds, bulbs, and plants are supervised by Mr. B. M. Winnegar, forester of the company.

The encouraging influence of flower growing on the spring of the last thirty years has in a large measure assisted in the inauguration of floral societies all over the country. There are hundreds of C.P.R. officials connected with these societies, and most of them received their first lesson in flower culture at the C.P.R. flower beds. Flowers have improved the railway stations, and inspired by the beauty of the stations, residents of the towns have planted flowers and improved the appearance of their homes. In every division of the C.P.R. prizes are given every year for the best displays, and many of these amateur railway gardeners have tried their products with success against all comers at the big Canadian and American flower exhibitions.

Presence of Gulls Good Omen

Swift Current, Sask. — For the first time since the spring of 1915 large flocks of fresh-water gulls were noticed in this vicinity during the past week, and their presence is a good omen. These feathered friends are never found to remain where there is a dearth of water, and are impending drouth. During the spring of 1915 the gulls were present in thousands, particularly noticeable at Ontario Place, which was under water the greater portion of that summer.

Every once in a while we bump into the liar who insists on telling us that he can go to sleep in the chair while the dentist is working on his teeth.—Detroit Free Press.

Wilson Policy Rouses Preacher

Rev. C. A. Eaton Terms It "Squinting Rosewater at Germany"
New York. — In a bitter address as has been heard from a New York pulpit in many years, the Rev. Charles A. Eaton, well-known in Canada, Bayed President Wilson's foreign policies.

Speaking for the last time at the Madison Avenue Baptist church, which he is leaving, the pastor accused the president of "squinting rosewater at Germany." He said that the intellect and genius of the country was not behind its national policies.

Dr. Eaton deplored foreign interference, which, he said, amounted to "sticking our nose into the affairs of a friendly nation."

He said the people are ashamed of the presidents policies, and that if Italy wants Fiume she should buy it with money.

Behind Dr. Eaton sat Capt. Alessandro Zappelli, of the Italian army, former governor of Italian Somalia, and from time to time the pastor turned to him and said, as his church echoed with applause, "You are what they all think about it."

"We were late getting into the war," he said. "Other nations with blood had purchased the right to settle their various territorial claims long before we ever fired a shot. Yet we are now trying to take that right from them."

"The fault lies not with our people, but with our leaders. From the way they are now making peace it would seem as if they are making war. We have enough trouble at home and it is about time we attended to some of it."

After sidestepping our own duties in Europe as long as we did we are certainly in no position to go over there and say to them, 'You settle this war, you'."

"The Italians don't like it, and we don't like it. We are heartily ashamed of it. We never had anything to do with them. As far as we're concerned, if Italy wants it she should have it."

"We want a league of nations of some sort for the promotion of our international friendships, but we do not want to be set up as the schoolmasters of the world. We want to stop sticking our nose into other people's affairs."

"Furthermore, I have no use for this tenderness toward the Germans. Germany filled the world with suffering and she should now take her bellyful. I say to Hell with the Germans."

So heated did the pastor become that at this point he said to his congregation, "This may sound strange, but there is no reason for being mollycoddle, or a fuddy-duddy, simply because you are in a church."

Germans Hand Over Boats

Allies Have Secured Over Thousand Ships From Hunns

London. — In the house of commons at question time Leslie Wilson stated that 22 German passenger ships of 168,899 tons, and 89 cargo ships of 663,210 tons, had been handed over to Great Britain.

Hon. McNamara stated that at the time of the armistice 15 German cargo ships, of 2,253,439 tons, were interned abroad. Besides these, 290 German vessels of a given tonnage of 91,231, had been captured by the allies. The figures included ships operated by the allies.

Ducks Plentiful in Manitoba

Brandon, Man. — Ducks and geese are more numerous in northern Manitoba this spring than ever before noted, states the chief game warden, Frank Hogan. Geese were seen on Grassy river, making for the barren lands, and ducks are plentiful in the area surrounding The Pas.

To Establish Dairy Testing Station

Moose Jaw, Sask. — Although definite arrangements have not been completed, a branch dairy testing station will be established in Saskatchewan. It has not yet been decided where the branch will be opened or at what time.

Milk Goats

By Alex. T. Macintosh, President Manitoba Milk Goat Association

Since the dawn of history the milk goat has been a constant friend and companion of mankind, and has been one of the greatest assets to the human race supplying milk and milk products for infants and adults, yielding its savory flesh for food, and providing the material for garments or rugs as they were required. There is no doubt that the goat was domesticated at a much earlier period than cattle, presumably because they were smaller, and milder in their disposition. As an efficient converter of weeds, brush, and the various grasses into nutritious food material, the goat has no superior among the domesticated animals of today, and when it is remembered that a good milk goat will yield nearly twenty times her own weight in milk in one year, it will be realized how valuable an asset she is to the world of today.

In eastern lands and in the continent of Europe, the milk goat is an established fact, and probably her absence would be felt more keenly than any other animal. On the North American continent she is rapidly coming into her own, making a place for herself that in a short time would indicate that she would be second to none. Perhaps the goat has been maligned more than any other single animal on the North American continent, it has been the butt of the vulgar crowd, and even today there are prejudices against her that prevent the public from taking the intelligent interest in this little animal that they should. She has been designated the poor man's cow because she was cheap to buy and because she converted cheap grades of feed into food of the highest nutritive value.

The demand for milk goats on the North American continent of the present time has caused a change in this title, and no longer is she known as the poor man's cow, some even suggesting that she has become the rich man's hobby, but to the author it would be more correct to call her the same man's cow. No family can have a better asset than a good milk goat. The average milk goat will provide in the neighborhood of three quarts of the richest kind of milk per day. This milk is more like human milk than that of any other animal. It is more easily digested than cows milk and many persons who cannot digest cow's milk can readily digest the milk of the goat. This is on account of the fat globules in goat's milk being so small, in fact, goat's milk is three times more easily digested than cow's milk. Again, goats are practically immune from tuberculosis. In proof of this 800,000 carcasses have been inspected in France and the United States of America, and not a single carcass has been found to be effected in any small degree. The analyst to the Royal Agricultural Society of London, have made the following judgment: That the cream globules in goat's milk are smaller than in cow's milk, and as the milk is more concentrated than cow's milk, the cream globules are contained in a more perfect state of emulsion than cow's milk; in consequence of which hardly any cream arises to the surface, allowing goat's milk to stand for 12 hours or longer. It is this quality of goat's milk that explains the fact that it is more easily digested by young children than cow's milk.

The three principal families of milk goats are the Anglo Nubian, the Toggenburg, and the Saanen. The Anglo Nubian originated in the east and west coast of Africa, while the Toggenburg and the Saanen have been developed in Switzerland. The Nubian is the largest of the milk goats. It provides richer milk than the others. Professor Washburn, in his recent book, "Productive Dairy-Ing," says: It is a good goat of any breed that will average two and one-half quarts of milk a day for eight or nine months of the year. One that will give more than this is specially desirable. The Angora goat, which is not considered a good milk animal, gives from two to three quarts of very rich milk but for a comparatively short time. The Nubian, or African goat, produces from five to ten quarts per day. The yield of the best goats of Switzerland averages about four quarts daily.

The island of Malta has also become famous as the developer of a breed of goats known as the Maltese,

and there are other breeds peculiar to certain localities or countries in Europe, but the breeds that are best known in this country are the Nubian, Toggenburg and Saanen. As a companion for children, and as a means of education, no animal is of greater value than a milk goat, and the writer is of opinion that in this country milk goats were more common, and therefore their use more generally used, than the infamely mortally would be greatly decreased. The Manitoba Milk Goat Association are at the present time taking a census of all those who desire to get milk goats. The secretary of this organization is J. R. Young, 280 Garry St., Winnipeg, and those interested in the development of the Manitoba goat industry of this province are asked to get in touch with Mr. Young.

No More Big Ships

Monster Vessel Is Gone for the Present

Montreal. — Elimination of Germany as a factor in shipping means the restoration of the industry to a normal and practical basis. There will be no more ships built of the enormous tonnage of the Vaterland and the Aquitania.

Germany tried to outdo the world in building these huge vessels, but the Cunard came back with even larger ships. This line is now having built a dozen or more new ships which will be patterned after the type of the Carmania. In tonnage they will not exceed 25,000 tons.

All the shippers of England are looking up for at least two years. Contracts are made at cost plus a profit of from 7 1/2 to 10 per cent. to the builder. Labor conditions are unsettled, and prices of materials unsteady. In this state of affairs there can be no face charging per ton, but the present cost will not exceed £23. Labor is the chief worry of the shipbuilders. The wage increase has been 115 per cent, while the cost of living has increased only 90 per cent, and still there is unrest.

Mystery of Rouher Papers

Seized When Germans Invaded France and Never Restored

Paris. — The clause in the peace treaty calling upon Germany to return to France papers taken in 1870 belonging to Eugene Rouher, a prominent French statesman under the empire, has caused much speculation as to the nature of the documents. Mr. Rouher, who was minister of justice when the Franco-Prussian war broke out, had secreted a great number of private and official documents in his chateau. These were seized and carried away by the Germans when they invaded France, and were never restored.

Rouher was a refugee in London during the Franco-Prussian war and was among the followers of former premier Eugene. He returned to France in 1871, but Thiers had him conducted to the frontier. Afterward he became a member of the chamber of deputies and was active in attempting to reorganize the Bonapartist party.

To Free Russia

Anti-Bolshevik Government of Southeast Russia Tells of Its Ideas

Paris. — Gen. Denekine, the head of the Cossack anti-Bolshevik government in southeastern Russia, has communicated his program to representatives of the allied powers. The principal points of the program follow:—

To continue the struggle against Bolshevism.

Restoration of law and order.

Recognition of a unified and indivisible Russia.

Convocation of a constituent assembly based upon universal suffrage.

Larger regional autonomy and the establishment of self-governing districts.

Civil and religious liberty.

Immediate agrarian reform.

Adoption of measures tending to protect workers against exploitation by the capitalists and against government abuses.

The American Woman Suffrage Association has organized a non-political, non-militant, non-sectarian women's voters' league. But then at that there's still chance for considerable activity.—Detroit Free Press.

The Only Way to Attain Prosperity

George Merrick Speaks of Real Source of Wealth in Western Provinces

George Merrick, of Merrick-Anderson, well known Winnipeg wholesale merchant, who for years has taken a deep personal interest in all matters relating to agriculture in this province, expresses the conviction that the public men of Canada and a great many others are putting the emphasis in this reconstruction period at the wrong point. This is an agricultural province, with a rich and fertile soil, and the wealth which its people will have in future years must be got from the farm.

"Our government speaks about expenditures on railways, on canals,

GEORGE O. MERRICK
Who reiterates the phrase of a famous British statesman, "Production production, and again production."

and on the building of vessels, and the construction of railway equipment, and so giving employment to soldiers, but nothing about production, nothing about the two-year-old suffer, nothing about the poultry. Not a word. How is the world going to be fed?

"The newspapers fail us as well as our public men. I was west of this city yesterday, calling on an old friend, and he told how much land there was between Winnipeg and Portage la Prairie which had never been under the plow. Why don't the newspapers jack us up and tell us who are in the city and who have a little money to go out in the country and arrange to get some of this land under cultivation? There are hundreds of men in Winnipeg who could take an interest directly in agriculture, with the best results both to themselves, and the people of this province."

"Someone called on me a few days ago and asked me to talk about better business. I replied that the thing which I was most interested in at the moment was the wonderful cow which was on exhibition at the industrial bureau. We have been thinking too much about business and not enough about the cow. It is the cow that must make the province rich and prosperous, and give the people of the province what they require."

Believes in Mixed Farming

Winnipeg, Man. — There are a number of farmers in the Kelwood district who are staunch believers in the mixed farming doctrine. "Albert McLeod, who owns 2 1/2 sections of land and grows big crops of wheat, believes that sheep are a good proposition. He had a flock of 200 head, and the number of lambs this season swells the total considerably. He has also a big herd of Durham cattle and is milking 25 cows, with a string of 26 horses. In addition to stock raising, Mr. McLeod conducts a saw mill during the winter, which furnishes lumber to farmers of the district and cordwood to surrounding communities."

Death Roll of French Air Force

Paris. — The casualties in the French air service in the war zone during the war were 6,328. It was officially announced. The casualties were divided as follows: Killed, 1,945; wounded, 2,922; missing, 1,461.

Of the missing it is stated 700 must be considered to have lost their lives. Outside the war zone, the casualties totalled 1,227, bringing the aggregate for the whole air service to 7,555.

Almost a Miracle, But Very Simple

Was the Cure of John New by Dodd's Kidney Pills

His Troubles All Came from Sick Kidneys and He Treated Them With the Old Reliable Canadian Remedy, Dodd's Kidney Pills.

Hillsdale, Battleford, Sask., May 19, (Special).—With a speed that was almost marvellous, Mr. John New, a well-known farmer here, has been cured of the kidney trouble from which he suffered for several years.

"Dodd's Kidney Pills cured me," he says. "I wish to give them all the thanks."

Speaking further of his troubles and their sudden cure, Mr. New says: "I think I inherited my kidney disease from my parents, and I suffered off and on for several years. I had stiffness in the joints, cramps in the muscles, backache, and neuritis. I perspired freely on the slightest exertion and my perspiration had an unpleasant odor. I was irritable, often dizzy and was depressed and low spirited. My skin was dry and had a harsh feel, and I was often nervous."

"I took just one box of Dodd's Kidney Pills. They cured me. If your troubles come from the kidneys you will have some of the symptoms that Dodd's Kidney Pills cured in Mr. New's case. Ask your neighbors about Dodd's Kidney Pills."

The man who aims to roll up a fortune must first learn to roll up his sleeves.—Aylmer Express.

Canada's Best Poultry Fencing

The absolute and most perfect poultry fence strong enough to withstand the combined weight of two big hogs. And that without a top or bottom board. Our lock is the correct one to strength—a real protection to large flocks and little chicks too. If you are interested in such a fence, write for our literature. We also manufacture wire and all general fencing material. Dealers everywhere. Live agents wanted in unoccupied territory.

I cured a horse of a bad swelling by MINARD'S LINIMENT. Bathurst, N.B. THOS. W. PAYNE.

Some men tell their wives everything that happens; and there are others who tell them a great many things that don't happen.

Wash The Kidneys!

After Bad Colds or Influenza Look To Kidneys and Bladder!

It is most essential that treatment be directed towards prompt casting out of the poisons from the body which cause these pains and aches. This means that the excretory organs (the bowels, skin and kidneys) should be excited to their best efforts.

Every one should clean house—internally—and thus protect one's self from many germ diseases, by taking castor oil or a pleasant laxative such as Dr. Pierce's Pleasant Pellets, which are made of figs, apples, sago and jalap. Take these every other day. This will excite efficient bowel action. If you suffer from backache, irritation of the bladder and the kidneys, shown by the frequent calls to get out of bed at night, considerable sediment in the water, brick-dust deposit, perhaps headache in the morning, you should obtain at the drug store "Aurifer" (anti-uric acid), first put up by Dr. Pierce. To build up the strength and improve the blood, take an iron tonic such as "Frolic" manufactured by Dr. Pierce, to be had in tablets at drug stores, or some good herbal tonic such as Dr. Pierce's Golden Medical Discovery, made in tablets and bottles without alcohol, and put up in tablets or liquid.

HARD, SOFT, OR BLEEDING?

No matter what kind or where located, any corn is promptly cured by Putnam's Corn Extractor; being purely vegetable it causes no pain. Guarantee with every bottle of "Putnam's," use no other, 25c. at all dealers.

Huns Want Cheaper Food

Will Conditionally Abandon Demands for High Wages

Berlin.—Almost unnoticed amid the excitement incident to the receipt of the peace terms, and probably influenced by them, a movement, in which the workers are receding from their earlier demands for higher wages and are striving to induce the government to reduce prices, is gradually gaining ground.

The latest organization to adopt this policy is the German railwaymen's association, whose representatives at a conference with Minister Schmidt, agreed to abandon demands for higher wages, if the government would reduce food prices.

Miller's Worm Powders never fail. They immediately attack the worms and expel them from the system. They are complete in themselves, not only as a worm destroyer, but as a highly beneficial medicine for children, correcting weak digestion and restoring the debilitated system to healthfulness, without which the growth of the child will be retarded and its constitution weakened.

One woman always pays more attention to what another woman has on than to what she says.

Spare the rod and miss half the pleasure of fishing.

Why Can't I Get To Sleep?

Thousands of people, all over the country ask this question, but still continue to toss night after night on a sleepless bed, and it is impossible for them to get a full night's refreshing sleep.

Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system that it cannot be quieted except by the pernicious use of opiates or narcotics. Or again, you have heart palpitation, and sensation of rest by improving the tone of the nerves, strengthen the heart, enriching the blood and making the whole organization act in harmony—then you sleep as peacefully as a child.

Mrs. Jan Laurier, 39 Leinster St., St. John, N.B., writes:—"At night I could not sleep. I had to sit up in the next-morning bed, and when I walked up stairs I would get all out of breath. A friend recommended Milburn's Heart and Nerve Pills and after using two boxes, I can sleep all night and am not out of breath after walking in the way."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

After going through the war without being anybody, the former crown prince is now charged with whipping his wife.—Vancouver Province.

SMOOTHEST REGULATOR FOR THE BOWELS IS HAMILTON'S PILLS

No Headache, Blisters, Indigestion or Sour Stomach, Where They Are Used

A FINE CONSTIPATION CURE!

They Cleanse the Liver and Move The Bowels While You Sleep

Like a ship in the night, your constipated headache and digestive troubles will disappear after using Dr. Hamilton's Pills.

They cure the worst cases, act gently at night, cleanse you sleep, and give you next morning the freshest, briskest, happiest feeling you have known in many a day. Hamilton's Pills will cheer up the most despondent sufferer.

They will make tired out folks feel like kids at play. They overcome backache, sideache, liverache and stomach, and kidney ills. If they fail to do this, you can have your money refunded. Fair enough, eh?

Don't stay sick or ailing! Use this grand family remedy at once. It will give you energy, spirit, animation, appetite, good blood, better nerves—in short good health. You can get all this in a 25c box of Dr. Hamilton's Pills. Sold by all dealers in medicines.

If the average man could live his life over he would probably be a bigger fool than ever.

Minard's Liniment Used by Physicians.

The telephone girl has a speaking acquaintance with a great many people that she doesn't recognize.

Complete in itself, Mother Graves' Worm Expeller does not require the assistance of any other medicine to make it effective. It does not fail to do its work.

A new serial story commences in this issue. Do not miss the first installment.

Relieves Asthma at Once. If you could read the thousands of unsolicited letters received by the makers from grateful users you, too, would realize the remarkable curing powers of Dr. J. D. Kellogg's Asthma Remedy. All cases, incipient and chronic, are benefited by this great family remedy, and many of them are cured. Why suffer or experiment with worthless preparations when the genuine Kellogg's can be purchased everywhere.

Don't tell all you know, keep a little for seed.

Keep Minard's Liniment in the house. Filing a will sometimes raps the feelings of the heirs.

Only One "BROMO QUININE" To get the genuine, call for full name E. A. W. BROMO QUININE. Look for signature of E. W. GROVE. Cures 8.

Special Competition for Boys and Girls at the Local Fair

A special feature in connection with the Crossfield and District Agricultural Society's Fair to be held next month, will be the Canadian Bankers' Competition for Boys and Girls.

In this competition the Dominion Department of Agriculture, Live Stock Branch, offers cash prizes to boys and girls, who exhibit pigs or calves at the local fair, and who comply with the rules covering the competition. It is essential that intending exhibitors commence immediately to feed and care for the animals they intend to exhibit.

Full information and application forms may be obtained from the Canadian Bank of Commerce and the Imperial Bank of Canada, Crossfield, and the managers of these banks will be in attendance at their respective offices on Saturday afternoon, 31st inst., for the purpose of receiving applications.
